

Find new ways to improve your business' efficiency and profitability with a
FREE MAS Manufacturing Review!

Who Can Apply?

Manufacturing companies based in the Yorkshire & Humber region, who wish to make improvements within their manufacturing function.

How Could a Manufacturing Review Help My Business?

MAS Manufacturing Reviews are 100% grant subsidised and will help you undertake a balanced assessment of your key production data, manufacturing systems and processes, to identify actions you can take to enhance your business' competitiveness. Areas typically analysed during a MAS Manufacturing Review include:

- Leadership in Manufacturing
- Lean & Continuous Improvement
- New Product Development & Engineering
- Production
- Strategy
- Culture & Organisation
- Environment – waste, water, effluent & energy reduction
- Sales & Order Processes
- Quality
- Marketing, Sales & Customer Focus
- Commercial

Who Will Conduct the Review?

The MAS Manufacturing Review is delivered by an experienced manufacturing professional. It includes a tour of your business premises and a discussion with key personnel to ensure all manufacturing related issues are included in the review.

How Will the Review Findings Be Presented to Me?

After the visit, you will be provided with a full written report outlining actions you can take to maintain or improve your manufacturing performance. MAS can provide further help towards addressing these actions through a **75% grant subsidised** Manufacturing Improvement Project.

How Can I Find Out More?

To find out more about the MAS Manufacturing Review and to arrange your FREE no obligation visit, call MAS on **08700 111 875** or email us at enquiries@mas-yh.co.uk.
